

AGRICULTURE, A.S.

Agriculture, A.S.

Overview

Students selecting this option can transfer to upper division institutions with majors in several broad agriculture areas. Students are encouraged to review the requirements of the college to which they intend to transfer and discuss their plans with a counselor or the instructors in that area. The following specific requirements are designed to help students attain the basic transfer requirements for most four-year institutions offering agriculture.

Locations

Worthington

1. Successful completion of a minimum of 60 credits, 15 of which must be earned at Minnesota West Community & Technical College.
2. A grade point average of 2.00 ("C") or better.
3. Meet the minimum of 30 credits of general education as required by the A.S. degree.
4. Fulfill a minimum of 30 credits of core technical courses unique to the agriculture program in the transfer institution, including a minimum of 18 credits in agriculture.

****This Degree area is intended to follow articulation agreements or advisory/academic plans at a four year university of the students choice:**

Suggested agriculture courses for degree areas such as Agriculture Education or Agriculture Sciences at University institutions.
