
SECTION HEADING

CJS 1220: Criminal Justice and Community

Description

Criminal Justice and Community provides the student with contemporary concepts related to criminal justice interactions with the community including models of community policing, problem-oriented policing, crime prevention and developing community relations. Instruction in professional police conduct related to officer ethics, leadership and interpersonal communication in interactions with culturally diverse populations will be examined. Student will also be introduced to privacy data practices and the expectations during internal affairs investigations.
