COSM 1130: Advanced Hair Care

Description

Advanced Hair Care enables students to examine opportunities to develop the practical skills necessary for entry-level salon work concentrating on advanced techniques in chemical hair control, safety procedures and sanitation, hair coloring formulations and applications. This course will concentrate on hair color theory, advanced haircutting techniques and methodologies, communications skills and retail operations. This course will contribute 80 hours toward licensure. The State of Minnesota mandates the hours to go toward the hour requirements.

Credits

3

Prerequisite

None

Corequisite

None

Topics to be Covered

1. Intermediary practical skill development
2. Advanced color formulation and application
