SECTION HEADING

COSM 1175: Clinic VIII

Description

Clinic VIII enables students to examine opportunities to develop the practical skills necessary for entry-level salon work concentrating on advanced techniques in chemical texture control, haircutting, safety procedures and sanitation, hair coloring formulations and applications, fulfillment of state mandated service quotas for licensure, and implementation of soft skills with an emphasis on client consultation and effective professional communication. This course will contribute 80 hours toward licensure. The State of Minnesota mandates the hours to go toward the hour requirements.

Credits

3

Prerequisite

None

Corequisite

None

Topics to be Covered

1. Intermediary practical skill development

2. Soft skill utilization including professional consultations, recommendations, and communication

3. Successful completion of prescribed service quotas required for licensure

Independent demonstration of technical skills in application on live models and patrons

Proper safety and sanitation procedures to maintain compliance with State Board requirements

Learning Outcomes

1. Demonstrate independent completion of prescribed service quotas required for licensure

2. Analyze model and patron's hair, skin, and nails and make appropriate service recommendations

3. Summarize guest expectations and desired service outcomes by utilizing effective consultation and communication soft skills

4. Maintain compliance with infection control requirements mandated by state law and rule

5. Prescribe appropriate products and services to complement individual hair, skin, and nail types

6. Conduct retail sales appropriate to support styling and service outcomes
