
SECTION HEADING

PHRM 1130: Hospital Externship

Description

Hospital Externship provides students the ability to perform skills in a hospital pharmacy setting under the direction of the pharmacist and pharmacy technicians. This course prepares the student for entering the Pharmacy Technician career field and provides information on career opportunities. Students will apply skills, knowledge, and abilities acquired in the classroom and laboratory settings in a practical work-based pharmacy training environment.

Credits

3

Prerequisite

PHRM 1100, PHRM 1105, PHRM 1115, PHRM 1120
